

ESPERANCE SENIOR HIGH SCHOOL

ICT ACCEPTABLE USAGE AGREEMENT

Please read this document carefully before signing.

Students and teachers at Esperance Senior High School have access to online services provided by the Department of Education and Training. Online services provide students with Internet and email access. This access is governed by the school's ICT Code of Conduct, which is constantly reinforced and available on the school's Intranet. The school makes every effort to monitor Internet use. It is possible however, for students to deliberately, or inadvertently, misuse the Internet. This could be through accessing inappropriate sites or inappropriate use of email.

The Department cannot filter Internet content accessed by your child from home or other locations away from school. The Department recommends the use of appropriate Internet filtering software.

Misuse of the network will result in disciplinary action being taken, including temporary loss of access to the Internet/Network and Computer resources. It could also include permanent loss of access or criminal charges.

Please contact the Computing Department if you require any further information.
